Pearl Diver Credit Company Inc. Declares Monthly Dividends

New York / London – May 19, 2026 - Pearl Diver Credit Company Inc. (NYSE: PDCC, PDPA) (the "Company") today announced that its Board of Directors has declared a regular monthly dividend on shares of the Company's common stock of $0.13 per share for June, July, and August 2026.

Amount per Common Share	Record Dates	Payment Dates
$0.13	June 16, 2026	June 30, 2026
	July 17, 2026	July 31, 2026
	August 17, 2026	August 31, 2026

The distribution will be automatically reinvested in additional shares of our common stock unless a stockholder opts out of the Dividend Reinvestment Plan ("DRIP") and elects to receive the distribution in cash. If the market price of the shares of common stock is equal to or exceeds net asset value at the time shares of common stock are valued for purposes of determining the number of shares of common stock equivalent to the cash dividend or capital gains distribution, participants in the DRIP are issued new shares of common stock from the Company, valued at the greater of (i) the net asset value as most recently determined or (ii) 95% of the then-current market price of the shares of common stock. The valuation date is the dividend or distribution payment date or, if that date is not a NYSE trading day, the next preceding trading day. If the net asset value of the shares of common stock at the time of valuation exceeds the market price of the shares of common stock, the DRIP Administrator will buy the shares of common stock for the DRIP in the open market.

Additionally, the Board of Directors has declared a regular monthly dividend on shares of the Company's 8.00% Series A Term Preferred Stock Due 2029 of $0.1667 per share for June, July, and August 2026.

Amount per Preferred Share	Record Dates	Payment Dates
$0.1667	June 16, 2026	June 30, 2026
	July 17, 2026	July 31, 2026
	August 17, 2026	August 31, 2026

The distributions on the Series A Term Preferred Stock reflect an annual distribution rate of 8.00% of the $25 liquidation preference per share.
